

Delivering Perfection

Founder's Message

My inspiration to establish an Interior Design and Contracting company was creativity and uniqueness. At the time of the inception of this company, there were an array of lucrative business opportunities available in the market. But what drew me to this field was 'innovation'.

Innovation can not be explained without the mention of creativity. The interwoven relationship between the two ensures that one can not thrive without the other. "Creativity is thinking up of new things; whereas Innovation is doing new things." And I believe that creativity is always an antidote for monotony.

My years of experience have taught me that capital and experience are both secondary to ideas. If you have ideas, you have the core ingredient for your business.

According to W. Arthur Porter, "The innovation point is the pivotal moment when talented and motivated people seek the opportunity to act on their ideas and dreams." There is no limit to what you can do with your business as well as life with a single idea.

From MD's Desk

"To excel in the corporate world a company needs sound internal communication, in addition to dedication and cooperation. Acropol Interiors achieve the status of a flagship company in the region on the merit of its business performance. We believe in engineering success through intelligent and efficient human resource management by allocating jobs to people, that best match their abilities. This allows us to monitor the quality of our services and in turn give you your money's worth. Our primary objective is to give you the best returns on your investments."

Our Philosophy

condensed into a statement:
“We are persistent in the pursuit of perfection”

We uphold integrity and business ethics as the cornerstone of our relationship with our stakeholders, customers, suppliers, employees, shareholders and the community. We value your investment and strive to offer you quality products.

Our Mission

In the dynamic world of design, our goal is to stand out as a multifaceted hub that provides an array of design solutions. From interior design and space planning to furniture and accessories, you'll find it all here. Some of our objectives in a nutshell:

- Unmatched customer service and innovative solutions
- Incentivise our employees through motivational rewarding schemes
- Optimise growth by achieving maximum to our shareholders

Who we are & What makes who we are

Established in 1997 in the emirate of Dubai, we are a design, manufacturing and interior contracting company.

Our endeavor is to lend unique qualities to each design, keeping in mind, aesthetics and functionality. However, at the heart of every creation is our client's expectation. Reason why, we take a customised approach to every design solution.

At Arcopol, we believe that our clients deserve nothing but the best. And that belief transcends in our commitment to offering them contemporary and multi-cultural interiors. Our ace fleet of experienced designers and engineers use the latest technology to their advantage and provide you with results par excellence. What's more, we assure you quality and timely delivery.

CONCEPTUAL DESIGN | SPACE PLANNING | PROJECT MANAGEMENT | TURNKEY FIT OUTS
FURNITURE SYSTEMS | INTERIOR SOLUTIONS | STORAGE SOLUTIONS | JOINERY SYSTEMS
INTEGRATED SYSTEMS | LIGHTING SYSTEMS | ACOUSTIC SOLUTIONS | MEP CONTRACTING

Where the confluence of design and functionality takes place:

Workspaces & Banks
Hotels & Resorts
Bars & Restaurants
Retail Shops & Kiosks
Residential Units
Hospitals & Clinics
Schools & Auditoriums
Spas & Salons
Worship Places

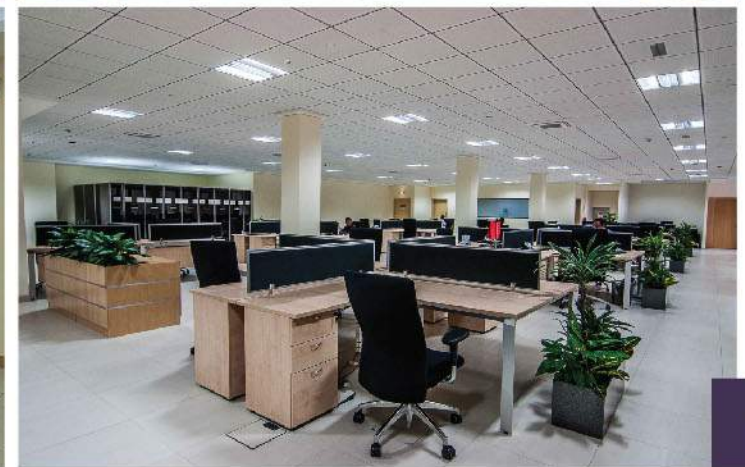

Interior design and functionality is a discipline that demands research, development, analytical skills and a command over technology and industry know-how. At Acropol Interiors, we merge your views with our ideas and create customised interior designs to suit your taste.

Workspaces

Where productivity meets design

Apart from reflecting the culture of the company, Workspaces should offer a conducive environment for productivity and creativity. Keeping this in mind, we design workstations that are not only functional but also dynamic.

Looking for comprehensive service starting with site analysis and consultation followed by design presentation and cost evaluation. This is where your search ends. We answer all your queries related to materials, furnishings, fixtures and fittings that are appropriate for your project design and budget.

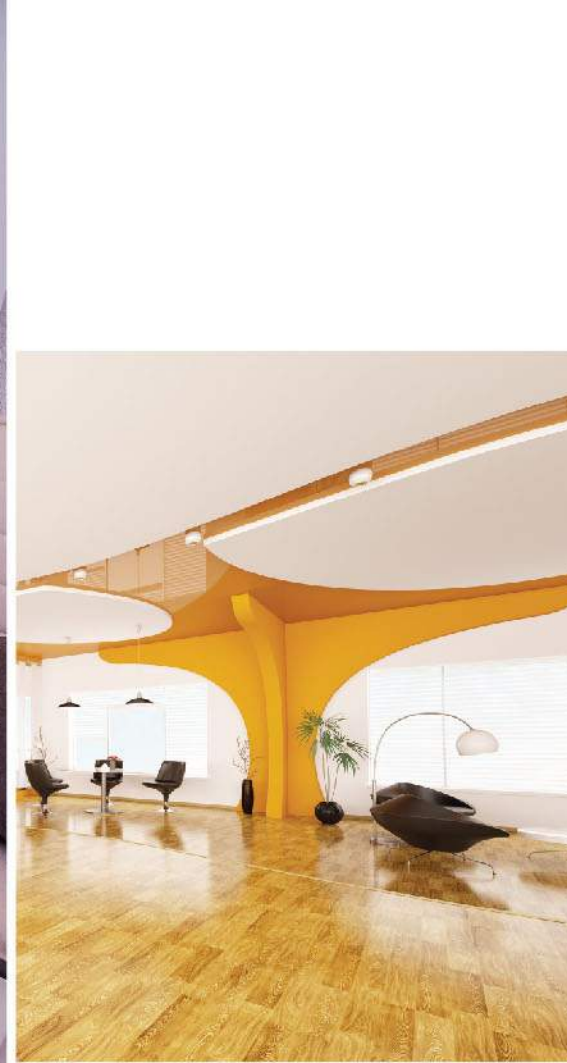

9

Commercial

Where business meets design

The hospitality industry is a pretty one. We advise our clients on the most contemporary trends, materials, furnishings and fittings so they can shine. And with design solutions so glamorous, so can their business.

We recognise that each project is an extension of your unique style. Which is why we are committed to the pursuit of excellence without compromising on your expectations.

System Furniture

Where functionality meets design

Executive Tables	Conference Tables	
Executive Chairs	Visitors Chairs	
Low-Height Cabinets	Full-Height Cabinets	Mobile Pedestals

MOBILE SHELVING	SLIDE-A-SIDE SHELVING	
PICTURE RACKING	AXIS ROTARY STORAGE	
STEEL STORAGE	LOCKERS	WALL STORAGE
STEEL & WOODEN SHELVING		

With escalating property cost resulting in increasing overheads, it is more crucial than ever before to optimally utilise office space. We tailor our products to meet your needs in a cost friendly way while making the most of your available storage area. What's even better, our solutions are always in sync with the contemporary office needs.

Storage Solutions

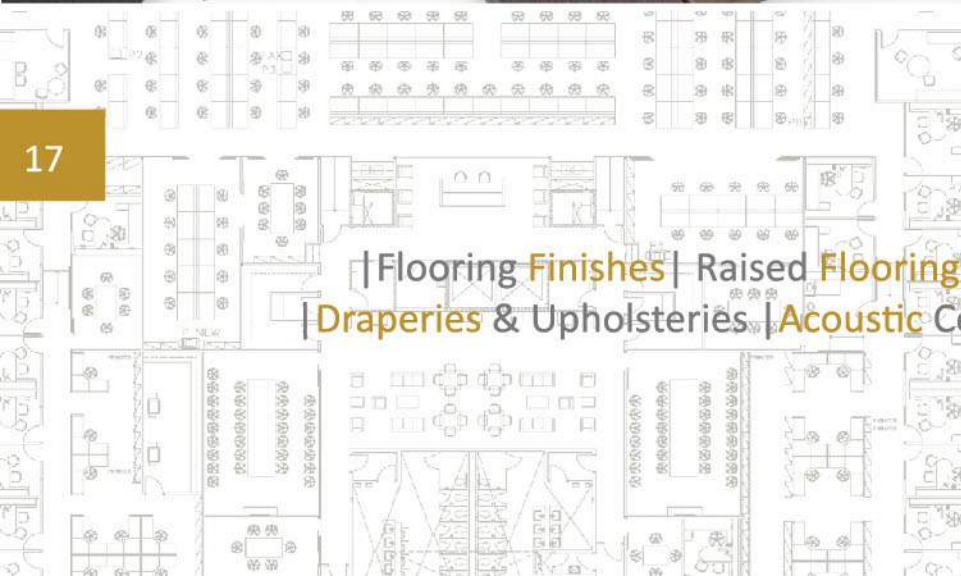

Where space meets design

Interior Solutions

Where individuality meets design

At Arcopol Interiors we believe that before we know you, we should know your business. Therefore, we offer a unique Design and Build approach that enables a one point contact with us, eliminating all traditional methods. According to studies this approach of partnering with clients is not only faster but also more cost effective.

| Flooring Finishes | Raised Flooring | Joineries | Partitioning | Wall Finishes |
| Draperies & Upholsteries | Acoustic Ceiling | Suspended Ceiling | Lighting Fixtures |

Integrated Systems

Where connectivity meets design

Our highly qualified IT technicians, Consultants and designers provide practical solutions on how to make the most of technology to suit your requirements.

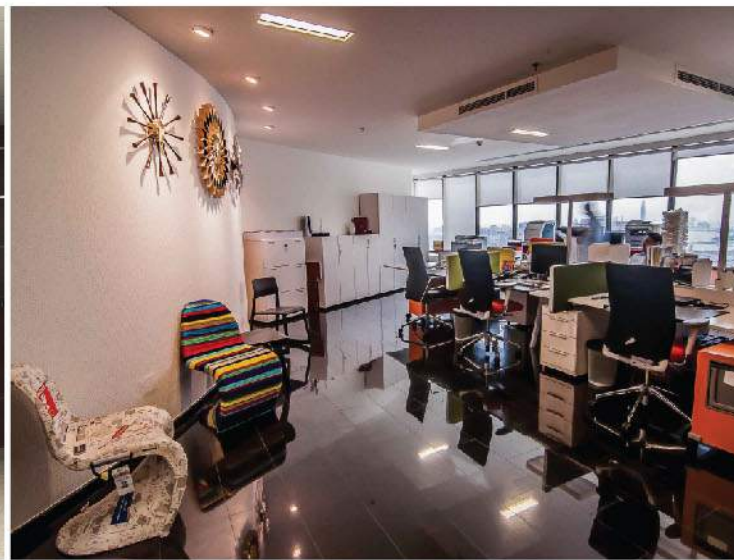

Computer Networking | CCTV Systems | Video & Conferencing Systems | Access Control Systems |
Public Address & Background Music Systems | Structured Cabling | Fire & Security Systems

Our Projects

Where success meets design

When we undertake a project we ensure that we are self-sufficient in bringing it to completion. This method saves us time and miscommunication which usually occurs in outsourcing. Our state-of-the-art manufacturing facilities and skilled manpower gives us the control over our projects and facilities efficient and responsible results.

know us more

To excel in the corporate world a company needs sound internal communication, in addition to dedication and cooperation.

Acropol Interiors achieve the status of a flagship company in the region on the merit of its business performance. We believe in engineering success through intelligent and efficient human resource management by allocating jobs to people, that best match their abilities. This allows us to monitor the quality of our services and in turn give you your money's worth.

Our primary objective is to give you the best returns on your investments.

Standards of quality are never compromised or lowered as every step is taken under the watchful supervision of our professional teams:

STEP 1: Our experienced Marketing Team will meet you to understand your concerns and requirements, budget and to survey the actual site conditions.

STEP 2: Our Marketing Team will then coordinate with our Design Team to ensure that your brief is effectively passed on and thoroughly interpreted.

STEP 3: Our Design Team will then prepare 3D images of space planning for our concepts. This step helps to convey our design concept and if necessary, seek your approval before finalising the presentation.

STEP 4: Our Marketing Team and Design Team will then present our design concept proposal, project costing and milestone to ensure that we have met all your requirements. This also helps us to make adjustments if necessary.

STEP 5: Our Project Team and I.T. Team combine traditional skills and latest technology to ensure smooth planning and implementation. They also take responsibility for the highest and toughest quality control on every project.

STEP 6: Our experienced teams will then seek the approval from authorities to implement the design concept plan on your behalf, taking care to ensure that the whole process is as seamless and hassle-free as possible.

STEP 7: Project handing over be at its delight to the client having the feeling of total satisfaction of getting the return for their investment.

Our clients are spread across UAE and we've made sure that customer satisfaction gets the upmost priority. We listen to our client's values and imaginative preferences as well as ascertaining interior design needs, then provide expert design consultation and guidance.
